Period for Reply

A SHORTENED STATUTORY PERIOD FOR REPLY IS SET TO EXPIRE 3 MONTH(S) OR THIRTY (30) DAYS, WHICHEVER IS LONGER, FROM THE MAILING DATE OF THIS COMMUNICATION.

- Extensions of time may be available under the provisions of 37 CFR 1.136(a). In no event, however, may a reply be timely filed after SIX (6) MONTHS from the mailing date of this communication.
- If NO period for reply is specified above, the maximum statutory period will apply and will expire SIX (6) MONTHS from the mailing date of this communication.
- Failure to reply within the set or extended period for reply will, by statute, cause the application to become ABANDONED (35 U.S.C. § 133). Any reply received by the Office later than three months after the mailing date of this communication, even if timely filed, may reduce any earned patent term adjustment. See 37 CFR 1.704(b).

DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless -

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 8-10, 15-23 and 27-29 are rejected under 35 U.S.C. 102(b) as being anticipated by Whitehead (US 5,949,591).

Whitehead discloses a wing mirror unit for a motor vehicle (Fig. 10) including a mirror foot (2), mirror housing connected to the mirror foot (3), and an actuator (Fig. 13, 1 and 8 and Fig. 12), wherein the mirror is foldable between folded and transverse extended positions (see Fig. 10), a pivot (Fig. 12, on top of 2) for the folded and unfolded orientation is provided outside the mirror foot and within the mirror housing (see 2 is shown outside of the mirror foot and within the mirror housing), the actuator is configured to move adjacent surfaces of the mirror housing and mirror foot transversely with respect to each other between the first surface in which the adjacent surfaces of the mirror housing and the mirror foot form a slit (Fig. 12, see 6) and a second position in which the adjacent surfaces abut

each other (as shown in Fig. 10), further wherein the pivot is movable and configured to translate in a transverse direction toward and away from the mirror foot (see 6 in Fig. 1, it meets the claimed language), wherein the actuator is configured to adjust the wing mirror unit in or near the unfolded orientation between the first position and the second position, such that during adjustment between the folded orientation and the unfolded orientation the wing mirror unit is substantially in the first position (see Fig. 10), wherein the mirror foot comprises a base pivot (Fig. 1, 20)), around which the mirror housing, under action of the actuator, is pivotally arranged with respect to the mirror foot between the first and the second position (see Fig. 10), wherein the adjacent surfaces of the mirror housing and the mirror foot form contact surfaces and at least one of a contact surfaces is comprised of an elastic material (inherently elastically deformable).

Response to Arguments

3. Applicant's arguments with respect to claims have been considered but are moot in view of the new ground(s) of rejection.

Conclusion

4. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL.** See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
